

Clubs Impacted My Life

By Natalie Lawson

The Optimist Club has impacted my life in a way that is comfortable and presents a sincere connection with the other members. Our main purpose is to help children and to develop optimism as a philosophy of life. Even the word optimist encourages you to look at the sunny side of your day.

Joining clubs gives me an opportunity to meet and be around a variety of different people with different personalities. It feels like being around family again. What fun!

The Writers Group has brought me an incentive to step out of my comfort zone. I'm thoroughly enjoying it and pray that I will improve my writing enough to join all the other excellent writers. I have been a member of a variety of clubs and I can attest to being influenced in a positive way, they certainly have impacted my life.
